Louisiana Historical Preservation and Cultural Commission. Records, 1988-1998

9 feet

The Louisiana Historical Preservation and Cultural Commission reviewed nomination forms for buildings and districts to place on the National Register of Historic Places. It worked with the Division of Historic Preservation of the Louisiana Department of Culture, Recreation, and Tourism. Glenn R. Conrad, Director of the Center for Louisiana Studies at University of Southwestern Louisiana (now University of Louisiana at Lafayette) was chair for many years. These records were generated during his chairmanship.

The bulk of the collection contains nomination forms for buildings, sites, and districts to be placed on the National Register of Historic Places. There are some administrative records mainly related to meetings. The nomination forms are arranged alphabetically, and the administrative records are arranged chronologically.

Glenn R. Conrad donated the collection.
