Lafayette Rotary Club. Records, 1920-

18 ½ feet, 37 volumes

The Lafayette Rotary Club was founded with twenty charter members in August, 1920. It was the first men's service club in the city. Among the founders were community leaders such as Robert L. Mouton, T. M. Callahan, and Rt. Rev. Jules B. Jeanmard. Through the years the club has been active in improving the local community with special concern for youth work. Rotarians have actively participated in the city recreation program for youth and have been leaders of the Boy Scout movement. One of the unique contributions of the club was the Rotary Boys' Band which existed from 1922 to 1939 under the direction of Frank A. Baranco. The club has also been involved with civic improvement projects such as the Lafayette Public Library and the Municipal Auditorium.

The records reflect the civic involvement of the club as well as its organizational structure. Much of the general records and correspondence involves membership concerns such as attendance and dues. The records also show the relationship of the local club to the larger organization at the district and national levels.

The records have been arranged by Rotary year which runs from July 1 through June 30. A great deal of material exists for the 1920s through 1996/97 but very little for the years after 1997/98.

Materials for each year are arranged as follows:

General Records	Correspondence
Financial Records	Bulletins
Minutes of Regular Meetings	District Records
Board of Directors. Records	
Miscellaneous	

Raoul Gerac, J. M. Jennings and Donald L. Saporito are largely responsible for the preservation and collection of these records and their transfer to the UAAMC at Dupré Library. Mike Maher and Loretta Tauzin have been responsible for transferring more recent records. Rotary Club materials can also be found in some existing collections:
