TO TEACH ART — Mrs. Gene Baudoin of Abbeville, shown above, will teach classes in painting and art in a special program to be sponsored by the Abbeville Recreation Department beginning Thursday, May 2. Mrs. Baudoin, a talented local artist, shown with some of her paintings, will teach all classes at the A. A. Comeaux Recreation Center. Students will be given lessons in sketching using charcoal, working gradually with oil paints. They will be taught the value of colors and finally picture composition, where it will make it easy for the students to make a painting of still life or landscaping, knowing that the student has done it well.
