Acadian Ambulance Expanding Services

TO PETROLEUM INDUSTRY

A وإادرات

Acadian Ambulance Service is one of a series of companies that has expanded their services in recent years. The company, based in Lafayette, Louisiana, provides ambulance services to the oil and gas industry in the Gulf of Mexico and offshore platforms. In addition, Acadian Ambulance has expanded its services to the petroleum industry, offering offshore ambulance services in the Gulf of Mexico.

Acadian Ambulance was acquired by AirMed International in 2000. AirMed is a regional air ambulance company with a strong presence in the Gulf of Mexico. The acquisition of Acadian Ambulance allowed AirMed to expand its services to the petroleum industry, offering offshore ambulance services to the oil and gas industry.

The offshore ambulance services offered by Acadian Ambulance are designed to meet the specific needs of the petroleum industry. These services include the transportation of patients from offshore platforms to medical facilities, as well as the provision of medical care on site.

The offshore ambulance services offered by Acadian Ambulance are staffed by highly trained and experienced professionals, including physicians, nurses, and paramedics. The company has a strong reputation for providing high-quality medical care and has a strong track record of successful outcomes.

In conclusion, the acquisition of Acadian Ambulance by AirMed has allowed the company to expand its services to the petroleum industry, offering offshore ambulance services that are specifically designed to meet the needs of the oil and gas industry.

AirMed International
