Area Toll Road
To Be Financed
By Syndicate

A syndicate is being formed to
underwrite financing of the $100,
000 "Acadian Turnpike" from
Lafayette to Lafayette.

The announcement was made at
a meeting of the South Louisiana
Tunnel Commission yesterday in
Dusonville.

The resignation also announced:
approved a motion in name
of the Acadians celebrating
the 100th anniversary of the
separation of their people following
the Great Depression that was
founded in 1855.

C. Thomas L. Arnaud, presi-
dent of the Louisiana Acadian
Festival Association, said at a
meeting held at the Hotel
Anderson in New Orleans and
Central States.

The state highway engineers
have completed a feasibility
study of the proposed toll
road. The study was
prepared by

W. D. Palmer of Palmer
and Baker, Mobile, Ala., which
is expected to be completed
this month.

In addition, the project
will be a part of the
Acadian Festival
of New Orleans.

Two studies are making
progress on the project:

One is a study of a
feasibility of a toll
road. The other is a
study of the feasibility of a
toll road through the
Lafayette area.

The study was conducted
by the Louisiana
Acadian Festival
Association.
