Broussard's three great restaurants. Just down the road from Lafayette. Make sure we're on your taste tour of Acadiana.

Nestled in the heart of Acadiana, Broussard is a quaint, picturesque town about ten minutes down the road from Lafayette. The town of Broussard is located on the site of the Broussard family sugar plantation, part of which was donated for the town railroad depot in the 1870s. The town grew up around the depot, and many of its stately Victorian homes were built before the turn of the century. The railroad that enabled Broussard to develop its unique character and fabled cuisine also spelled the end of its peaceful isolation. Broussard today looks much as it did a century ago — the shady streets are lined with majestic oaks, and the dignified Victorian houses watch the years quietly pass.
