Colins T. Broussard and his wife Emedina

Colins was one of Kaplan's first settlers. On August 1, 1902 he bought, from Irving Irrigation Company, the lots on what is now Church Avenue. Like other, he lived in “Tent City” while construction of his house was in progress.

After completion of his house, he moved his wife and six children to their new home. Colins was one of the first voters who signed a petition to incorporate Kaplan.

Bastille Day in 1938.
