CODOFIL EVENTS'F. r

A tip of the hat to CODOFIL Chairman James Domengeaux and his staff for two cultural events last week designed to strengthen the French language and culture in Acadiana.

Domengeaux, who has been the guiding force behind the movement to revive French in the state, invited 150 journalists from all parts of the French-speaking world and the journalists were amazed at the extend of the French culture in Louisiana.

The mammoth Cajun Music Festival at Blackham Coliseum last week drew a crowd in excess of 10,000 despite miserable weather.

The visit by the journalists and the festival truly showed that Acadiana is the head of a cultural renaissance.
