Cajun History
Told In Book

Louisiana's Cajuns have been franchised by the French-Canadian
prejudice as ignorant and unskilled by many Louisiana
authorities and generally mistrusted by the powers that
be. A new book, just published by the University of
southwestern Louisiana, will shed light on the history
and culture of the Cajuns.

Cajun History is told in a book called "Cajun Louisiana",
edited by Edward Petrin and
Robert V. DeFouw. The book is
published by the University of
southwestern Louisiana.
