The Mississippi River is home to an an an

The Big Muddy's big fish

The river's murky water conceals enormous numbers of fish but not from locals who pursue them.

Happy landing

Mr. Joe reached out again. He grabbed the fish, and he pulled the fish's tail. Mr. Joe grabbed the fish's tail. "Mr. Joe, my heart, he was...

Slaughtering the fatted cat

Some people noticed that something unusual would happen when they started the engine of their boat. "That's unusual for a catfish benefiting from the grain, McElroy said, and a fat catfish isn't like a fat steer.
