Best of Broadway

Saturday, March 20, 2010
7:30 pm | Meyerson Performing Arts Center

Celebrating the legacy of Broadway’s legendary orchestrations.

Dear Friends,

Welcome to the 25th anniversary season of the Alacalma Symphony Orchestra.

I am extremely proud and grateful to our community for supporting our orchestra and the love, quality, and music that I have provided in Dallas for a quarter of a century. Thank you very much and congratulations.

Our silver anniversary season promises to be one of the best ever! From the beginning, we have continued our tradition of two concert series with Masterworks and Pops. Together with the presence of internationally recognized guest artists, our talented musicians will be joined on stage by world-renowned maestros and soloists. We will perform with outstanding soloists and orchestras as well as other local performing organizations.

The concert program of music styles includes the elegant sounds of Beethoven, the classical symphony masters of Mozart, various orchestral works by Shostakovich, and a powerful symphonic by Bach. Season 2009-2010 also includes symphonies and ensembles with Deana John and Sinfonia, a highlight by Elton John and Sinfonia, a highlight of the season.

Celebrate the anniversary season of exciting music-making with us and don’t miss a beat.

Marianne Frerichs

Music Director and Conductor
