MUSEUMS PROBLEMS

What do you expect to get from going to a museum? A little culture that comes from the words of the artist, a different way of looking at an object that comes from too much, which comes from the eyes of a child?

The idea of museums is a lead to the child for many people. museum-goers or children could be impressed by the appearance of their favorite artists and for having more scholarship than the title of the work, which is the first impression of the work.

If you are interested in this show, you should take a look at the Glade Gallery, which contains the most important works. The show will be open to the public from 10 a.m. to 5 p.m. daily through March 25.
