The Tyrolean porcelain egg is a work of art, and Vivian Alexander wants to share it with as many people as possible. She wants to make our egg available to everyone who wants to see the incredible piece of art.

"I don't want to make just one egg, but a whole series," said Alexander. "We are planning to produce a limited edition of 500 pieces, each with a unique design. We are working with some of the best artists in the world to create these unique pieces of art."
