New Orleans Art Association Guild

NEW Orleans Art Association Guild was founded in 1952 to encourage and develop more interest in—and understanding of—art in the community. The nonprofit organization—which has more than 300 members—has given a scholarship to a talented local art student each year for the past decade. Many of these scholarship winners have since become well-known professionals. The Guild also offers art appreciation programs, workshops, and seminars by nationally recognized artists. It also assists local artists by exhibiting and publicizing their work in a dignified manner, thus encouraging sales.

Currently, the Guild is sponsoring an exhibition of paintings by three Guild Scholarship winners, Henry Casselli, Allen Flatmann and Walter Links, at the Lowe Gallery, 1126 South Carrollton Ave.
