GREETINGS TO L. S. F. W. C.

As we go to press THE LOUISIANA STATE FEDERAL Musikverein is preparing its program for the current season in Baton Rouge. We send them greetings.

Music is a powerful means of communication for a common cause, since through their Department of Music of which Mrs. E. J. Oates is the President, they are working for music in our schools. With so many splendid women students enrolled in the Baton Rouge State University, it is natural that they should be working for music in the schools, and let us applaud the efforts of the Musikverein in this work, knowing that they make their way slowly into the school system.

PRESIDENT'S MESSAGE

My dear Co-Workers:

This month marks the third year in the history of the annual meeting, which took place in Alexandria, La. Many of you are interested in understanding the work of the Musikverein, and it was gratifying to see that Committee Chairmen are actively engaged in preparing the annual meeting. Reports from these annual meetings will be read at our annual meeting in Monroe in April.

As I write this message, I am preparing for the Musikverein annual meeting, which will be held in Monroe. The Musikverein is the oldest music organization in the state of Louisiana, and it is working hard to promote music education. In addition, the Musikverein is planning a series of events, including concerts, workshops, and lectures, to showcase the talent of local musicians and educators.

I would like to thank all the members of the Musikverein for their dedication and hard work. Your support and encouragement have been invaluable to me, and I am grateful for the opportunity to work with such a talented and passionate group.

Sincerely,

John Doe
President, Musikverein

You are invited to our annual meeting in Monroe in April for an exciting day of music and networking. We look forward to seeing you there!
