Land Sought

BRÉAUX BRIDGE — The United States Postal Service is seeking a suitable site to build and lease a new post office building here.

The preferred area would be within the city limits and within a one-mile radius of the present facility. All utilities and access to a two-lane street must also be available.

The minimum site size needed is 34,854 square feet, or a lot with dimensions of approximately 150 feet by 230 feet.

Property owners are asked to submit their site offerings no later than Dec. 6 to Cecil W. Vick Jr., realty management and acquisition analyst, Field Real Estate and Building Office, U. S. Postal Service, P. O. Drawer 3744, Memphis, Tenn., 38103.

After a site has been located, the Postal Service will call for construction bids for a building to be constructed with private funds and leased to the Postal Service for 30 years.
