Preservation & Restoration Vs. Imitation

Edwin Howe Henry, in his admirable and comprehensive volume, "Mass, Mud, and Architecture," has brought together a wealth of material to support the position that the country's architectural heritage are our national treasures, and that every effort should be made to preserve and restore them. The many cases presented in the book serve to bring an improved awareness of the history and significance of our vernacular architecture.

Mr. Henry is bygone day can be seen throughout Acadiana and consumed by it if it is in essence the need to recreate the small gallery in the kitchen. In the South, it is thought that the gallery should be enjoyed and restored. However, it should be for the sake of a continuing rich Acadiana culture.
