Teche Drugs Has Speedy Growth Here

A comparatively new, but nevertheless energetic member of its field is Teche Drugs, 505 Jefferson street.

Founded in November, 1944, Teche Drugs is an independent retail drug store associated with the Walgreen Drug company of Chicago. The founder and owner is M. D. Collins.

Attesting to its early and vigorous growth, the Teche-Walgreen store has increased the number of its employees since its opening approximately 50 per cent. It now employs around 24 persons, representing a corresponding 50 per cent increase in payroll.

The Teche Drugs has increased its departments and inventory since its opening, and reflecting the general prosperity of the region, carries at the present time over 25,000 items in stock.
