One Moment in Time

The Castille Home at Acadian Village was built circa 1860 in Breaux Bridge by a European who did the entire job by himself. During the Civil War, the house was pillaged by Yankee soldiers, but somehow survived the ravages of time. Make plans to visit Acadian Village during National Historie Preservation Week, May 10-16. Lafayette Lagniappe coupons will admit two people free during this week only. For more information, call the Lafayette Preservation Commission at 261-8425.
