One Moment in Time

The St. John House at Acadian Village dates to about 1840 and was donated to the village by a local dentist. It was built of salvaged cypress timbers from another building. Make plans to visit Acadian Village during National Historic Preservation Week, May 10-16. Lafayette Lagniappe coupons will admit two people free during this week only. For more information, call the Lafayette Preservation Commission at 261-8425.
