USL Recruiting Students

to Take Studies in Canada

Up to Six Credit Hours to
Be Available

(Special to The Times-Picayune)

LAFAYETTE, La. — The University of Southwestern Louisiana is again participating in the Summer Program in Quebec sponsored by the Council for the Development of French in Louisiana and will help to organize a group of college students to attend French classes in Canada this summer.

Dr. Richard E. Chandler, USL professor and head of the department of foreign languages, said up to six credit hours in elementary and intermediate French may be earned at the College de Jonquiere, a branch of the University of Quebec. These credits may be transferred to USL upon satisfactory completion of the course of study.

Also offered by the faculty at Jonquiere will be instruction in teaching methodology which will be of interest to area teachers of French in elementary schools.

Students at Jonquiere will be immersed in the French-speaking atmosphere of Quebec where maximum progress may be made in the speaking of the French language.

Classes will be held five days a week, Monday through Friday, with weekends free for visiting the city of Jonquiere and the surrounding area, where French is the native language.

CODOFIL’s charter flight to Quebec will depart from the New Iberia Regional Airport on July 3 and will return to New Iberia from Quebec on Aug. 8. The program of studies especially arranged for Louisianians will conclude on Aug. 4. This will be followed by a three-day tour of Quebec before the return to Louisiana.

The Quebec government will offer a limited number of partial fee scholarships. These will be available on a first-come first-served basis. Those wishing to enroll in the program should do so immediately, Dr. Chandler said.
