Vermilion Police
Jurors to Visit
Charolais Cattle

ABBEVILLE, Oct. 21 - Several
members of the Vermilion parish
police jury yesterday were named
on a committee to inspect the herd
of Charolais cattle now under quar.
antine in Lafayette. The jurors
were debating a proposed resolution
requesting that the controversial
herd be permitted to remain in
Louisiana.

Alphe A. Broussard, owner of the
herd who is charged with smugg-
lng the cattle from Mexico, in-
vited the police jurors to see the
herd and to determine from their
inspections and from the study of
the facts whether or not they should
adopt a resolution requesting that
the cattle remain in the state.

The jurors declared that they were not in
favor of destroying the valuable herd
of Charolais cattle. They objected,
however, as a public body to adopt-
ing a resolution while the owner
of the herd is legally charged with
smuggling.
