The principal category has some chronological listings by years when those dates could be confirmed, while the other categories are listed alphabetically.</p> <p>Each former student is requested to review the listings and make certain the personnel who were employed while they were in school have been included. Please email Mike@EvergreenLa.org with your additions, clarifications, corrections, errors, etc. Thank you for providing input and feedback to make the listings as complete and accurate as possible.</p> <p>Most of the former faculty listings were compiled in a different format by Linton Walls with the assistance of Vivian West, Oma West Tassin, and Perle Guillot Galland and published in "The 1983 Evergreen High School Reunion Program" chaired by Bobbie Robert Flake.</p> <p>Much of the information about schools and the principals was derived from "History of the Evergreen School" by Marvin Tanner, Oma West Tassin and Mabel Mounger Grant.
