Flowers left for [Noland Bordelon](#)

It seems like just the other day I held your hand in mine; It seems like not too long ago that you were feeling fine. It seems like I've just kissed your cheek and welcomed you inside; It seems like we just had a talk on selfish human pride. It seems like a long time ago but I'll see your smiling face; It seems like with your presence, soon my dwelling you will grace. Always you will be as strong as it was yesterday; It seems like you're not gone at all...you're only just away. Your daughter, Denise
